RETIREMENT COMMUNITY

Modern Recuperation & Rehabilitation

at The Windsor Place Skilled Nursing & Rehabilitation Center | Columbus, Mississippi

The Pointe Recuperative Care accommodates individuals' post hospitalization with around-the-clock healthcare and housing for strokes, orthopedic surgery, amputations, back injuries, and most other rehabilitations.

RECUPERATION at The Windsor Place

Some in our community, particularly older adults, are compromised in their ability to live independently after an acute medical event or as a chronic illness progresses. The Pointe Recuperation and Rehabilitation at The Windsor Place strives to provide a seamless path to personal independence after a hospitalized injury or illness.

After hospitalization patients often need a period of recuperation and/or rehabilitation before returning home.

The recuperation and rehabilitation services of The Windsor Place Skilled Nursing and Rehabilitation Center provide transitional care between a hospital

stay and going home. A valuable benefit of this period is that recovering residents and their families often receive renewed hope, a sense of purpose, and a more fulfilling way of life.

The Pointe Recuperative Care accommodates individuals' post hospitalization with around-the-clock health care and housing for strokes, orthopedic surgery, amputations, back injuries and many other rehabilitation needs.

The recuperation and rehabilitation services provided by The Windsor Place Skilled Nursing and Rehabilitation Center rebuild strength, reduce the need for assistance, and reinforce independence. The focus is on maximizing people's daily activities with the goal of a future reintegration into their community with a purposeful and independent lifestyle.

• Seven days-a-week care from Nurses and Certified Nursing Assistants who are experienced and proficient plus outpatient and short-term inpatient therapy services.

• Daily housekeeping and laundry services

• On-site beauty and barber services

• Three healthy & delicious meals daily with many menu choices

• Large, furnished, and attractively decorated common areas include dining and activity rooms, a courtyard with gazebo and flowers in season, transportation to local doctors' appointments, fine dining assistants during meals, complimentary snacks, liberal visiting hours, and indoor/outdoor activities.

• FREE wireless Internet for those who bring their computer

All recuperation rooms are comfortably furnished and attractively decorated. They have large closets, bathrooms with safety features, individual controlled heating and cooling unit per room, flat screen television for each resident, access to phone or individual phone jacks, call light for assistance at bedside and in bathrooms.

The Pointe

RETIREMENT COMMUNITY

Modern Rehabilitation & Recuperation

at The Windsor Place Skilled Nursing & Rehabilitation Center | Columbus, Mississippi

The Pointe Rehabilitative Care delivers quality clinical results, by encouraging motivation while maintaining the highest level of functionality. All rehabilitation services are organized and delivered thru a detailed plan of care.

The professionally staffed therapy department of The Windsor Place Skilled Nursing and Rehabilitation Center, the most modern, largest, and best-equipped rehabilitation facility in The Golden Triangle--teaches and trains patients to regain strength and mobility after hospitalization.

All rehabilitation services are organized and delivered through a detailed plan of care. Patient "Care Plans" are guided by an interdisciplinary

team of Physicians, Nurse Practitioners, Physical Therapists, Occupational Therapists, and Speech Pathologists. Rehabilitation Care at The

Windsor Place Skilled Nursing and Rehabilitation Center is available seven days-a-week.

The Windsor Place features a large, modern, and well-equipped facility with Universal weights, NuStep machines, and state-of-the-art computer therapy programs.

Professional rehabilitation services include Physical Therapy, Occupational Therapy, and Speech-Language Pathology.

Physical Therapy rehabilitation concentrates on mobility, strengthening, balance, and coordination. The Windsor Place physical therapists use specialized equipment designed to reeducate muscles and teach patients how to

take care of themselves at their highest practical/functional level.

Speech-Language Pathology is led by licensed and certified Speech-Language Pathologists. Neuromuscular Electrical Stimulation and specialized care for Aphasia, Dysarthria, Speech Disorders, Language / Thought Processing, & Swallowing Disorders are available individually and in group therapy sessions.

All occupational therapy programs focus on independent living and self care initiatives that are fundamental to a productive life, home independence, personal accomplishment, and safety.

The Windsor Place Skilled Nursing and Rehabilitation Center is located on the campus of The Pointe Retirement Community. The Pointe is located on the East side of Highway 82 East, between Highway 50 and Lehmburg Road, in historic Columbus, Mississippi.
