11:00 a.m. - **Entertainment** in the Large Parlor

YOU ARE "FAMILY" AT PLANTATION POINTE RETIREMENT COMMUNITY

The Estates of Plantation Pointe Retirement Community (PPRC) enjoy a spectacular setting and a variety of striking craftsman inspired home plans. Residents have their own little piece of heaven in a scale which is easy to create and manage.

Being locally-owned and operated has its benefits. Residents of The Estates are always under the watchful eye of the PPRC principals and management. When a need arises it is met with an efficient "FAMILYLIKE" response.

Such is the case when Earl, a homeowner in The Estates lost his air conditioning. When Ken Phillips, administrator of The Arrington learned of Earl's situation, he arranged for him to stay the night at his facility.

Earl was so pleased to get out of the heat, he wrote the following note to Ken.

*Dear Ken ,
I want to thank you for arranging
for me to sleep at the Arrington last
night. I don't have family here, but
I feel you and The Arrington have
become just as important.*

Thank you. Earl

"We appreciate Earl, all our residents, and their loved ones. We understand the importance of love and charity especially when needs arise where we can lift the hearts of who's affected and those who worry about their wellbeing. We'll never replace family, but you can count on us to step forward when residents need us most."

Ken Phillips, Administrator of The Arrington
Assisted-Living Community.
